

Creighton Model Fertility Care System

“You are beautifully and wonderfully made.”

MYTH BUSTER!

Women are often fertile during their menses (period)!

A natural method for avoiding pregnancy is 98% effective!

Charting your menstrual cycle helps identify potential underlying medical conditions from PMS even to cancer!

Come to an Introductory Session to learn more about your menstrual cycle!

All Sessions are held at St. Elizabeth Ann Seton Parish, Fort Wayne from 6:00-7:30 pm. Cost is \$40 per couple/woman.
