

Safe touches are never given on the parts of my body that are covered by a swim suit. These body parts are private.

Safe touches are kind and gentle. Safe touches make me feel happy and loved.

Sirens

Safe kids know that their feelings are important.
Trusting certain feelings can help keep you safe.
Sometimes before something bad is going to happen, kids feel:

Scared

Angry

Suspicious

Creeped out

Nauseous

These are warning feelings.
Draw a face to show your warning feeling.

You may not know exactly what is wrong, but if your warning feelings or sirens are telling you something is not right...LISTEN TO THEM.
