

## Use of Social Media Website for Parish Ministries – Parent opt out of student

\_\_\_\_\_ (name of parish) maintains a website for sharing information related to ministries at the parish. These websites may include references to highlight our students' participation and activities. From time to time the parish may determine it beneficial to publish student names/pictures on the web site for many reasons.

The parish believes that the publication of student names/pictures on publicly accessible websites assists in promoting the ministry. However, the parish recognizes that a website publication potentially "world wide." for that reason, the parish allows the parent(s)/guardian(s) of students under age 18 the opportunity to advise it if they do not want to have their student's name/picture posted on the website. Even if you do not advise us that you do not want your student's name or picture considered for publication that does not mean your student's name/picture will be used. The parish may or may not choose to post your student's name/picture on one of the websites. Such decisions will be made by parish representatives based upon their determination of website format and content.

If you do not want your student's name or picture even considered for posting on a parish website during this school year, please complete the bottom of this form and return it to the parish office as soon as possible.
