

Active Registered Contributing Parishioner Verification Form

Should be sent by receiving school for all Catholic non-parishioner students to the sending parish at the time of the student's registration for the upcoming school year. Active registered contributing parishioner status should be reviewed each year.

Under **Diocesan School Policy P5130**, parishioners from a parish without a school who send their children to Catholic school are to receive the parish rate of tuition. The sending parish is then responsible for making up 100% of the difference between the parish rate of tuition and the per pupil cost at the receiving Catholic school. For a family to be eligible for the parish rate of tuition, their own pastor must verify their status.

Family Name _____
